It's a New Year— Jump Start Your Job Search!

Having difficulty finding a job in today's market? Employment For Seniors is here to help you! EFS clients, and others, 65 years of age and older, are encouraged to participate in the **Senior JobSeeker Workshop Series**.

Many older adults are having difficulty finding employment, and are looking for a much longer time period than other job-seekers. Some require additional assistance and information on how to maneuver their way through the on-line application processes, new formats for resume writing, or how to build a network.

For those who have asked for additional assistance, we are ready to help you invest in yourself and make the most of your time. You can join our January/February 2013 workshop series to jump start your job search!

This program series includes 5 two-hour

workshops to help you structure your job search. See the box titled "Workshop Topics" for the list of issues and dates. At the conclusion of the series, participants will receive individual assistance from the facilitators based on their identified needs. Investing the time to attend all of the sessions and complete out-of-class assignments is critical to achieving success in your job search.

All workshops will be held at the Gahanna Library, 310 Granville Street, Gahanna, Ohio. Free parking is available.

Call the EFS office at 614/863-1219 to register for this event, or for additional information on the program and directions. Participants under 65 may join on a space-available basis.

The workshop series will be conducted by:
Sharon Hamersley
Principal Consultant, **Keys to Performance**
and **The Resume Coach**
and
Dr. Carol Ventresca
Executive Director, **Employment for Seniors**

65+ Job Seeker Workshop Success Stories!

Here's what participants in previous workshops have to say:

"I went to the interview thinking I had no chance of getting the job as there were many other people interviewing for the same position. Imagine my surprise when HR called and offered me the job!"

"I found that networking really

does pay off, as I am now back at my previous employer in a new position."

"You certainly have a lot of good information for anyone seeking employment."
