EFS Website Sponsorship Program

If you are a business which values the mature, skilled and experienced members of your workforce, then take this opportunity to reach out to other qualified, mature job seekers!

Employment For Seniors is a unique service, providing job search assistance to individuals 50 years of age and older. Our job referral process is based on close working relationships with local employers who are seeking experienced job applicants to complete their organization.

The EFS website connects thousands of mature job seekers to employers throughout central Ohio. This site is accessed over 3,000 times per month ~ you want to be there, reaching out to this valuable pool of candidates or potential clientele!

Launching its new website in 2013, EFS invites you to join us as a Website Sponsor. Your logo on our front page provides you access to thousands of seniors in our community.

Be part of the EFS family, supporting our mature job seekers on their path to employment and financial stability. Your inclusion on the EFS website will place you just one click away from thousands who are interested in your organization and learning more about your products, services and potential employment opportunities.

Broaden your presence; place your name and logo on the EFS website at www.employerseniors.org.
